Director:
Patricia Noonan, RN, MBA, CCM

Director:
Andrea Norton, BSN, RN, CCM

Executive Director:
Rebecca Perez, RN, BSN, CCM

VISION

The Case Management Society of America Foundation envisions a better future for the case management industry through a collaborative, inclusive community of healthcare professionals working together to build industry-wide solutions to case management issues.

MISSION

Our mission is to become the leading philanthropic organization for case managers, supporting education, research and professional development.

Current Activities

Supporting Case Management Profession

Creating educational scholarships, public policy grants, and other initiatives supporting case managers to enhance education goals, career resources, and professional growth.

Providing Recognition

Supporting and managing formalized recognition of case management programs that are supporting practice improvement or research. Exploring new case management research opportunities.

Creating Awareness

Building tools and resources to support fundraising efforts, both at the national level and through local chapter involvement. Providing strong collaboration with the chapters to expand awareness into the healthcare community.
